PROFESSIONAL LASER SERIES

TABLE SIZE

32 x 18 in (813 x 457 mm)

LASER POWER

10-120 watts (with two 60-watt lasers)

The NEW Professional Laser Series from Universal features the innovative and reliable characteristics ULS is famous for, such as patented Rapid Reconfiguration of ULS-manufactured lasers and Cross Platform Compatibility of lasers between systems. The Professional Laser Series also features a brand new print driver that has a powerful materials-based automatic driver or a manual driver for users who want to customize power and speed settings or add in other non-standard materials. As with other ULS systems, the Professional Laser Series has a modular design that allows for easy maintenance. With shielded optics and a protected motion system, as well as other mechanical benefits, the Professional Laser Series also has the distinction of having the lowest cost of ownership in the industry.
